Manufacturer: J.F. Wileman

This octagonal, 9.5-inch plate, is printed in blue with a simple border of triangles and diamonds. The scene is of two dogs and a man looking through a spyglass. The pattern name is "Sporting Scenes". The plate was made by J.F. Wileman in Staffordshire between 1870-1892. The condition is very good with some minor crazing in the glaze and minor surface scratches. The alignment of the border is not perfect.
